

Product catalog

Protection against any threat

Baseline product line comprises wireless devices to protect residential and commercial properties. A wide range of smart indoor and outdoor Ajax devices operate as a unified force to ensure protection against potential intrusion and deliver the best-in-class user experience.

Hubs

Hub 2 Plus Jeweller

Wireless control panel with support for photo verification. Connectable via Wi-Fi, Ethernet, and two SIM cards (2G/3G/LTE)

Color:

Hub BP Jeweller

Wireless battery-powered control panel. Supports photo verification. Connectable via two SIM cards (2G/3G/LTE)

Color:

Range extenders

ReX 2 Jeweller

Wireless radio signal range extender supporting Jeweller and Wings protocols

Color:

Opening detectors

DoorProtect Jeweller

Wireless opening detector with reed switch

Color:

DoorProtect Plus Jeweller

Wireless combined opening, shock and tilt detector with reed switch and accelerometer

Color:

Motion detectors

MotionProtect Jeweller

Wireless IR motion detector

Color:

MotionProtect Plus Jeweller

Wireless IR motion detector with an additional K-band microwave sensor

Color:

MotionProtect Curtain Jeweller

Wireless IR curtain motion detector

Color:

CombiProtect Jeweller

Wireless IR motion and glass break detector with microphone

Color:

MotionCam (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities

Color:

Curtain Outdoor Jeweller

Wireless dual technology curtain motion detector for outdoor and indoor use

Color:

Curtain Outdoor Mini Jeweller

Wireless dual-technology curtain motion detector for outdoor and indoor use

Color:

DualCurtain Outdoor Jeweller

Wireless bidirectional curtain IR motion detector

Color:

MotionCam Outdoor (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities. For outdoor and indoor use

Color:

MotionCam Outdoor HighMount (PhOD) Jeweller

Wireless PIR motion detector with extended photo verification possibilities. For outdoor installation at a height of 2–4 m.

Color:

CurtainCam Outdoor HighMount (PhOD) Jeweller

Wireless dual-technology curtain motion detector with extended photo verification possibilities. For outdoor installation at a height of 2–4 m.

Color:

Sirens

StreetSiren Jeweller

Wireless siren for indoor and outdoor use

Color:

HomeSiren Jeweller

Wireless siren

Color:

Buttons & key fobs

Button Jeweller

Wireless panic button / smart button

Color:

Ajax SpaceControl Jeweller

Wireless key fob with a panic button and control for security modes

Color:

Voice modules

SpeakerPhone Jeweller

Wireless voice module for alarm verification

Color:

Keypads

KeyPad TouchScreen Jeweller

Wireless keypad with a touch screen that supports authentication with smartphones, Pass, Tag, and codes

Color:

KeyPad Plus Jeweller

Wireless touch keypad with support for encrypted contactless cards and key fobs

Color:

KeyPad Outdoor Jeweller

Wireless keypad supporting authentication via Pass, Tag, smartphones, and codes. For outdoor and indoor use.

Color:

Relays

WallSwitch Jeweller

Wireless power relay to control 110/230 V~ power supply remotely

Color:

Relay Jeweller

Wireless dry contact relay

Color:

Integration modules

MultiTransmitter Jeweller

Wireless module to integrate up to 18 third-party devices into the Ajax system

Color:

Transmitter Jeweller

Wireless module to integrate one third-party device into the Ajax system

Video surveillance

Essential video devices

Reliable surveillance core for any site

Baseline is a product line of essential video devices. It includes wired and wireless cameras, doorbells, and network video recorders – all widely varied in configurations. Powered by built-in AI, cutting-edge streaming technology, ever-evolving software, and NDAA-compliant hardware, the lineup is up to any task.

Wired cameras

BulletCam HLVF (8 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

BulletCam HLVF (5 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

BulletCam HL (5 Mp/2.8 mm)

Wired AI-powered security IP camera with a 110° viewing angle, hybrid illumination, True WDR, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

BulletCam HL (8 Mp/2.8 mm)

Wired AI-powered security IP camera with a 110° viewing angle, hybrid illumination, True WDR, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

DomeCam HLVF (8 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

DomeCam HLVF (5 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

TurretCam HLVF (8 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

TurretCam HLVF (5 Mp)

Wired AI-powered security IP camera with a 2.8–12 mm motorized varifocal lens, hybrid illumination, True WDR, audio and alarm inputs/outputs, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

TurretCam HL (5 Mp/2.8 mm)

Wired AI-powered security IP camera with a 110° viewing angle, hybrid illumination, True WDR, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

TurretCam HL (8 Mp/2.8 mm)

Wired AI-powered security IP camera with a 110° viewing angle, hybrid illumination, True WDR, microphone, and PoE/12 V. For outdoor and indoor use.

Color:

Wi-Fi cameras

IndoorCam

Indoor Wi-Fi security camera with a PIR motion sensor and built-in AI

Color:

Doorbells

DoorBell

Video doorbell with built-in AI, PIR sensor, and control via apps

Color:

NVRs

NVR H2D8PAC (8-ch)

8-channel network video recorder with 4K HDMI output, 8 PoE ports, and support for 2 hot-swappable HDDs

Color:

NVR H2D16PAC (16-ch)

16-channel network video recorder with 4K HDMI output, 16 PoE ports, and support for 2 hot-swappable HDDs

Color:

NVR HAC (8-ch)

8-channel network video recorder with HDMI output

Color:

NVR HAC (16-ch)

16-channel network video recorder with HDMI output

Color:

NVR DC (8-ch)

Network video recorder for 8 channels powered by a low-voltage power supply

Color:

NVR DC (16-ch)

Network video recorder for 16 channels powered by a low-voltage power supply

Color:

Fire and life safety

Wireless residential fire detection and alarm system

Reliable, efficient, and one of a kind

Ajax residential fire and life safety devices combine patented technologies, connectivity, ease of installation, and compliance with the most stringent international regulations. With three types of power supply and five sensor combinations, the detectors cover every market need, whereas wireless buttons speed up response to threats. While powerful on their own, the devices are almost unbeatable as part of a larger system united by an Ajax hub. The combined solution can provide users with visual verification of fire alarms and automate response to threats.

Fire detectors

FireProtect 2 SB (Heat/Smoke/CO) Jeweller

Wireless combined heat, smoke, and CO detector with sealed batteries

Color:

FireProtect 2 SB (Heat/Smoke) Jeweller

Wireless combined heat and smoke detector with sealed batteries

Color:

FireProtect 2 SB (Heat) Jeweller

Wireless heat detector with sealed batteries

Color:

FireProtect 2 AC (Heat/Smoke/CO) Jeweller

Wireless mains-powered fire detector with heat, smoke, and CO sensors

Color:

Manual call points

ManualCallPoint (Red) Jeweller

Wireless addressable resettable button for manual fire alarm activation featuring programmable scenarios. Red-colored version.

Color: ●

Comfort and automation

Wireless devices for automation, water leak prevention, and everyday comfort

Smart solutions for everyday comfort and security

Our products for comfort and automation enable users to control lighting and appliances, detect water leaks, manage water supply, and monitor air quality. Through automation scenarios, these devices take over routines and reinforce on-site security. Benefit from reliable operation, sleek design, intuitive in-app control, and hassle-free installation.

Air quality detectors

LifeQuality Jeweller

Wireless temperature, humidity, and CO₂ monitor

Color:

Leak detectors

LeaksProtect Jeweller

Wireless water leak detector

Color:

Ajax Services

Added value for customers. Business growth for partners.

Services to enhance system performance

Ajax Services is an umbrella term covering a broad set of tools and capabilities designed to empower Ajax systems and enrich user experience. Relying on advanced digital and cloud infrastructure, Ajax Services can improve signal delivery, expand product features, streamline processes, and more. Whether used for protecting homes or managing systems for clients, Ajax Services save time and enhance security.

Ajax Sim

Pre-installed roaming SIM card for reliable connectivity and alarm transmission

Service subscription

Ajax Cloud Storage

Secure cloud storage for event recordings from Ajax video surveillance products

Economy

- 7-day video storage for a single device
- 7-day video storage for a 4-device bundle
- 30-day video storage for a single device
- 30-day video storage for a 4-device bundle

Standard

- 7-day video storage for a single device
- 7-day video storage for a 4-device bundle
- 30-day video storage for a single device
- 30-day video storage for a 4-device bundle

Premium

- 7-day video storage for a single device
- 7-day video storage for a 4-device bundle
- 30-day video storage for a single device
- 30-day video storage for a 4-device bundle
